

Congratulations Dr. Kristen Johnson

PARA's *Resident of the Month* for March 2010

Dr. Kristen Johnson was born and raised in small-town Alberta (Hughenden). (If you know where that is, it probably means that she knows someone you know!) She is a home grown U of A grad and completed both her undergraduate studies and medical school there. Dr. Johnson is a few short months and one large exam away from completing her general pediatrics residency; after that, she will be heading south to pursue a fellowship in pediatric emergency medicine in Calgary. She is looking forward to taking advantage of the skiing, hiking, and camping once she is closer to the Rockies, but she knows she will honestly miss the Stollery and all of the people who make it such an amazing place to train - especially the wonderful resident group she belongs to!

A fellow resident had this to say:

"Dr. Johnson is a very helpful and friendly resident physician. She has an excellent knowledge base and technical skills. Her bedside manner and professional manner are impeccable. She is always available to teach medical students and junior residents and encourages others to learn from her experiences. Both the staff physicians and allied health professionals enjoy her presence in the unit."

**NOMINATE someone you know for the RESIDENT
OF THE MONTH award...**
