Long Term Disability and Life Insurance

Did you know, as a PARA Resident Physician, a portion of your Dues goes to purchasing a \$100,000.00 life insurance policy on your behalf? PARA also continues to pay Life Insurance and Long Term Disability for residents who are on leave from their home program. This includes residents away on electives, short term disability and parental leave. This is just one of the ways PARA is ensuring your Dues are of benefit to you.
