

White Rock-South Surrey Division of Family Practice

Practice Opportunities for Full Service Family Physicians in White Rock-South Surrey - You'll Love it Here!

The White Rock Division of Family Practice, a group of local physicians working together to improve primary care in our community, has several openings for full-service family physicians in White Rock-South Surrey.

We are affiliated with Peace Arch Hospital, a community hospital where family physicians are involved in all aspects of patient care. We are looking for physicians who are interested in providing hospital care as part of their scope of practice. We have a close-knit medical community with collegial relationships between specialists and family physicians.

We have an active Division of Family Practice which provides support to family practitioners in our area, and develops and oversees innovative clinical programs in the hospital and community. All our practices use electronic medical records. A relocation allowance may be available to eligible applicants who are interested in setting up a permanent practice in the community.

There are a variety of styles of family practice available. For example:

- New, state of the art medical clinic with a vacancy for two full-time physicians
- Busy, large multi-physician practice looking to add two full-time physicians
- Four-doctor practice with a need for one full-time or part-time physician
- Four doctor practice in need of a part-time physician
- Two doctor practice looking for a part-time associate, leading to future full-time opportunity
- Two doctor practice seeking a part-time physician
- Shifts in the enhanced hospital program, maternity clinic, youth clinic, and community walk-in-clinic are available in addition to community practice.

Incentives include:

- Professional development and networking opportunities
- Accommodation assistance and support
- Recreation and sports packages
- Mentorship
- Administrative support by program staff and physicians
- Skilled, experienced office staff.

There is a high demand for permanent, full service family physicians in our community. Please contact the White Rock-South Surrey Division of Family Practice at wrssdfp@divisionsbc.ca for more information about available opportunities.
