

Congratulations Dr. Trevor Steve

PARA's *Resident Physician of the Month* for **March 2011**

Dr. Trevor Steve was born and raised in Saskatoon. Having obtained his undergraduate and medical degrees at the University of Saskatchewan, he moved to Edmonton for residency training in Neurology. Dr. Steve demonstrated leadership and commitment and currently he is a National Resident Representative of Canadian Neurological Society and Canadian Neurological Sciences Federation. In addition, he successfully completed research projects in stroke during his first few years of residency and will be presenting at the upcoming International Stroke conference in Los Angeles. He has a strong passion for research in epilepsy and plans to complete a clinician investigator program during his residency to become a first rate clinical researcher.

A fellow resident physician had this to say about Dr. Steve.

"I feel incredibly fortunate that I had a chance to work with Dr. Trevor Steve during one of my rotations. Everyone enormously enjoyed learning and working from such an exceptional senior and fellow resident. Dr. Steve excels in professionalism and continuously demonstrates outstanding bedside manner. He fully devotes himself to patient care and stays beyond the regular working hours in the hospital. He is an excellent role model for residents exemplifying a stellar physician and teacher. He made hours of intensive service and learning go by very quickly and easily as he always had a good sense of humour, and even brought coffee for his juniors after a long night on call. He is easily approachable and a very friendly resident who is well respected among his fellows and staff. Despite being very busy, he always finds time to enjoy traveling and spending quality time with his family and friends."

**NOMINATE someone you know for the
RESIDENT PHYSICIAN OF THE MONTH Award...**
