

Congratulations Dr. Kathryn Kenny

PARA's *Resident Physician of the Month* for **October 2011**

Dr. Kenny is an original Calgarian, born and raised. Kathryn completed her BSc in Integrated Science at UBC. She then attended UofC for her undergraduate medical degree. Her main interests are her three year old twins. Kathryn also enjoys hot yoga, running outside, swimming and travelling to sunny destinations during Calgary's cold winter.

A fellow resident physician had this to say about Dr.

“Kathy is a wonderful senior resident to work with - she shares the workload while ensuring that you are getting the learning you need. She is also quick to help out and volunteered to take on the difficult task of organizing our annual resident retreat this year. Despite being the mother of twins, she still manages to find time to balance her work and family commitments and comes to work with a smile every day. Our program looks up to her for her resilience and strength.”

**NOMINATE someone you know for the
RESIDENT PHYSICIAN OF THE MONTH Award...**
